

Specimen Collection Guide – Index/Cross Reference

*Public Health Laboratories
Ontario Agency for Health Protection and Promotion*

November 2009

Index/Cross-Reference

A	
Abortion	<i>See</i> Rubella
Acanthamoeba spp.....	<i>See</i> Amoebic Encephalitis Primary
Acanthamoebae	14
Acid Fast Bacilli	<i>See</i> Mycobacteria
Acquired Immune Deficiency Syndrome ...	<i>See</i> Human Immunodeficiency Virus, <i>See</i> Human Immunodeficiency Virus
Actinomyces israelii	<i>See</i> Actinomycetoma
Actinomyces spp.	<i>See</i> Actinomycetoma
Actinomycetoma . 14, <i>See</i> Fungal Culture, Systemic or Subcutaneous, <i>See</i> Fungal Culture, Systemic or Subcutaneous	
Adenovirus ...	<i>See</i> Respiratory Infections, Acute Viral, <i>See</i> Pneumonia, Viral, <i>See</i> Diarrhoea, Viral
Adenovirus Infections	15
AFB	<i>See</i> Mycobacteria
African Trypanosomiasis.....	<i>See</i> Trypanosomiasis
Aluminum – Serum	<i>See</i> Trace Metals
Aluminum – Urine.....	<i>See</i> Trace Metals
American Trypanosomiasis	<i>See</i> Trypanosomiasis
Amoebic Dysentery / Amoebiasis	15
Amoebic Encephalitis Primary	16
Amoebic Hepatitis	16
AMTD (Amplified Mycobacterium Tuberculosis Direct Test) ..	<i>See</i> Mycobacteria
Ancylostoma duodenale	<i>See</i> Hookworm Disease
Ancylostomiasis	<i>See</i> Hookworm Disease
Angiostrongyliasis	16
Anisakiasis	16
Anthrax.....	17
Antibiotic Resistant Organism. <i>See</i> Antibiotic Susceptibility of a Bacterial Isolate	
Antibiotic Susceptibility of a Bacterial Isolate	17
Antimycotic Susceptibility Testing	<i>See</i> Fungal Culture, Susceptibility Testing
Arbovirus.....	<i>See</i> Encephalitis, Viral
Arbovirus Infections.....	17
Arthropod infestation.....	18
Ascariasis	18
Ascaris lumbricoides	<i>See</i> Ascariasis
Aseptic Meningitis.....	<i>See</i> Meningitis, Viral
Aspergillosis	18, <i>See</i> Fungal Culture, Systemic or Subcutaneous
Astrovirus	<i>See</i> Diarrhoea, Viral
Astrovirus Infections	18
Atypical Mycobacteria	<i>See</i> Mycobacteria
Atypical pneumonia.....	<i>See</i> Mycoplasma Infections, Respiratory
Avidity Testing.....	20
B	
B.melitensis	<i>See</i> Brucellosis
B.suis	<i>See</i> Brucellosis
B19	<i>See</i> Parvovirus Infection
Babesia spp.....	<i>See</i> Babesiosis
Babesiosis.....	20
Bacillus anthracis.....	<i>See</i> Anthrax
Bacterial Cultures for Identification	20
Bacterial vaginosis.....	21
Balantidiasis	21
Balantidium coli	<i>See</i> Balantidiasis
Bartonellosis.....	21
Beef Tape Worm	<i>See</i> Taeniasis
Bioterrorism <i>See</i> Suspicious Packages/Material for the Investigation of Agents of Bioterrorism Guidelines for Submission	
Blastomyces dermatitidis.....	<i>See</i> Fungal Culture, Systemic or Subcutaneous
Blastomycosis.....	<i>See</i> Fungal Culture, Systemic or Subcutaneous
Bordetella parapertussis.....	<i>See</i> Whooping Cough
Bordetella pertussis	<i>See</i> Whooping Cough
Bordetella pertussis, Kit Instruction Sheet	116
Borrelia burgdorferi.....	<i>See</i> Lyme disease
Borrelia spp.	<i>See</i> Relapsing Fever, Louse or Tick-borne
Botulism	21
Bronchiolitis of Infants (Viral).....	22
Brucella abortus.....	<i>See</i> Brucellosis
Brucellosis	22
Burkholderia pseudomallei.....	<i>See</i> Melioidosis
BV	<i>See</i> Bacterial vaginosis
B–Virus Infection	22
C	
Calicivirus	<i>See</i> Diarrhoea, Viral
Calicivirus Infections.....	22
Campylobacter spp.	<i>See</i> Food-Borne Bacterial Disease
Candida albicans.....	<i>See</i> Candidiasis
Candida spp.	<i>See</i> Candidiasis

Candidiasis 23, *See* Fungal Culture, Systemic or Subcutaneous, *See* Fungal Culture, Superficial for dermal infections, *See* Genital Infections

Cat Scratch Disease *See* Bartonellosis

Cervicitis (chlamydial) *See* Chlamydia Infections, Specimen Collection Guidelines

Cervicitis (gonococcal)..... *See* Neisseria gonorrhoeae

Chagas' disease *See* Trypanosomiasis

Chancroid 23

Chickenpox..... *See* Varicella zoster Virus Infections, *See* Rashes, Viral

Chikungunya *See* Arbovirus Infections

Chinese Liver Fluke *See* Clonorchiasis

Chlamydia Infections..... 23

Chlamydia Infections, Specimen Collection Guidelines..... 23

Chlamydia psittaci 25

Chlamydia trachomatis Culture - Female, Kit Instruction Sheet 118

Chlamydia trachomatis Culture - Male, Kit Instruction Sheet 120

Cholera 26

Chromoblastomycosis *See* Fungal Culture, Systemic or Subcutaneous

CJD..... *See* Creutzfeldt-Jakob Disease

Clinical Course and Antibody Response in Hepatitis B 86

Clonorchiasis 26

Clonorchis sinensis *See* Clonorchiasis

Clostridium botulinum..... *See* Botulism

Clostridium difficile (Pseudomembraneous colitis)..... *See* Diarrhoea, Antibiotic Associated

Clostridium difficile, Kit Instruction Sheet 122

Clostridium perfringens enterotoxin..... *See* Food-Borne Bacterial Disease

Clostridium tetani *See* Tetanus

CMV *See* Cytomegalovirus

Coccidians *See* Diarrhoea, Parasitic

Coccidioides immitis *See* Fungal Culture Systemic or Subcutaneous

Coccidioidomycosis *See* Fungal Culture Systemic or Subcutaneous

Coccidiosis 26

Colitis, Haemorrhagic..... 27

Colorado Tick Fever..... 27

Condyloma acuminata *See* Human Papilloma Virus

Congenital Rubella Syndrome *See* Rubella

Contact Directory 3

Coronavirus *See* Diarrhoea, Viral

Corynebacterium diphtheriae..... *See* Diphtheria

Corynebacterium minutissimum..... *See* Erythrasma

Coxiella burnetti *See* Q-Fever

Coxsackie A & B Viruses..... *See* Meningitis, Viral

Coxsackievirus *See* Respiratory Infections, Acute Viral, *See* Enterovirus Infections

Coxsackievirus Infections..... 27

Creutzfeldt-Jakob Disease 28

Criteria for Acceptance of Patient Specimens 8

Cryptococcosis *See* Fungal Culture, Systemic or Subcutaneous

Cryptococcus neoformans *See* Fungal Culture, Systemic or Subcutaneous

Cryptosporidiosis..... 28

Cryptosporidium *See* Coccidiosis

Cryptosporidium spp. *See* Cryptosporidiosis

Cyclospora *See* Coccidiosis

Cyclospora cayetanensis *See* Cyclosporiasis

Cyclosporiasis 28

Cysticercosis..... 28

Cytomegalovirus 29, *See* TORCH

D

Delta Hepatitis *See* Hepatitis D Virus

Demodectic mange 30

Dengue fever *See* Arbovirus Infections

Dermatophytosis *See* Fungal Culture, Superficial

Diarrhoea, Antibiotic Associated..... 30

Diarrhoea, Bacterial..... 30

Diarrhoea, Parasitic 31

Diarrhoea, Viral 32

Dientamoeba fragilis *See* Dientamoebiasis

Dientamoebiasis 32

Diphtheria..... 32, 33

Diphyllobothriasis 33

Diphyllobothrium spp..... *See* Diphyllobothriasis

Directory 3

Dracunculiasis 33

Dracunculus medinensis (Guinea Worm)..... *See* Dracunculiasis

Dysentery (Amoebic) *See* Diarrhoea, Parasitic

Dysentery (Bacillary) *See* Food-Borne Bacterial Disease

E

E. coli *See* Food-Borne Bacterial Disease

Eastern Equine Encephalitis *See* Arbovirus Infections

Ebola Virus..... *See* Viral Hemorrhagic Fever

EBV *See* Epstein Barr Virus

Echinococcosis 34
 Echinococcus granulosus *See* Echinococcosis
 Echovirus *See* Meningitis, Viral, *See* Enterovirus Infections
 ECM *See* Lyme disease
 Ehrlichia chaffeensis *See* Ehrlichiosis
 Ehrlichia spp. *See* Ehrlichiosis
 Ehrlichiosis 34
 Encephalitis *See* Arbovirus Infections
 Encephalitis, Amoebic *See* Amoebic Encephalitis Primary
 Encephalitis, Viral 34
 Encephalitozoon *See* Microsporidia
 Entamoeba *See* Amoebic Dysentery / Amoebiasis
 Entamoeba histolytica *See* Amoebic Hepatitis
 Entamoeba histolytica/dispar *See* Amoebic Dysentery/Amoebiasis
 Enteric – Multiple Submission Form 150
 Enteric fever *See* Diarrhoea, Bacterial
Enteric Outbreaks, Kit Instruction Sheet 123
 Enterobiasis 35
 Enterobius vermicularis *See* Enterobiasis
 Enterocytozoon *See* Microsporidia
 Enteropathogenic E.coli *See* Food-Borne Bacterial Disease, *See* Diarrhoea, Bacterial
 Enterovirus *See* Encephalitis, Viral
 Enterovirus Infections 35
 Enteroviruses *See* Diarrhoea, Viral
 Epidermophyton spp. *See* Fungal Culture, Superficial
 Epstein Barr Virus 35
 Erythema Chronicum Migrans *See* Lyme disease
 Erythema infectiosum *See* Parvovirus Infection
 Erythrasma 35
 ESBL *See* Antibiotic Susceptibility of a Bacterial Isolate
 Escherichia coli 0157
 H7 *See* Colitis, Haemorrhagic
 Eumycetoma *See* Fungal Culture, Systemic or Subcutaneous
 Exanthem subitum *See* Human Herpes Virus Type 6
 Extended spectrum beta-lactamase *See* Antibiotic Susceptibility of a Bacterial Isolate
 Ear Infections 33
F
 F. gigantica *See* Fascioliasis
Faeces Enteric Bacteriology, Kit Instruction Sheet 125

Fasciola hepatica *See* Fascioliasis
 Fascioliasis 36
 Fasciolopsiasis 36
 Fasciolopsis buski *See* Fasciolopsiasis
 FEP *See* Trace Metals
 Fifth’s Disease *See* Parvovirus Infection
 Filariasis 36
 Food-Borne Bacterial Disease 37
 Francisella tularensis *See* Tularemia
 Free Erythrocyte Protoporphyrin *See* Trace Metals
 Fungal Culture for Identification 37
 Fungal Culture, Superficial 38
 Fungal Culture, Susceptibility Testing 38
 Fungal Culture, Systemic or Subcutaneous 38
 Fungal Serology 39
Fungus Culture, Kit Instruction Sheet 126
G
 GAS *See* Streptococcus Group A Invasive
Gastric Lavage, Kit Instruction Sheet 127
 Gastritis *See* Helicobacter pylori
 Gastroenteritis *See* Diarrhoea, Parasitic
 General Test Requisition 145
 German Measles *See* Rubella
 Giardia lamblia *See* Diarrhoea, Parasitic
 Giardiasis *See* Diarrhoea, Parasitic
 Glossary of Technical Abbreviations 12
 Gnathostomiasis 39
 Group A Streptococcus *See* Streptococcus Group A Invasive
 Guinea Worm *See* Dracunculiasis
H
 H. diminuta *See* Hymenolepiais
 Haemolytic Uremic Syndrome *See* Colitis, Hemorrhagic
 Haemophilus ducreyi *See* Chancroid
 Haemophilus influenzae *See* Meningitis, Bacterial
 Hand-Foot-and-Mouth Disease *See* Coxsackievirus Infections
 Hantavirus Pulmonary Syndrome 40
 Helicobacter pylori 40
 Helminths *See* Diarrhoea, Parasitic
 Hepatitis – PHL Information Form 147
 Hepatitis A (HAV) (Infectious Hepatitis) 40
 Hepatitis B 41

Hepatitis B - DNA 41
 Hepatitis B, Clinical Course and Antibody Response 86
Hepatitis B-DNA Specimen Collection Guidelines..... 87
 Hepatitis C Genotyping 42
 Hepatitis C RNA 42
Hepatitis C RNA Specimen Collection Guidelines..... 88
 Hepatitis C Virus 43
 Hepatitis D Virus 43
 Hepatitis E Virus 43
 Herpes simiae Virus Infections..... *See B-Virus Infection*
 Herpes simplex *See Rashes, Viral*
 Herpes Simplex *See TORCH*
 Herpes simplex virus ... *See Respiratory Infections, Acute Viral, See Encephalitis, Viral*
 Herpes Simplex Virus Infections 44
 Herpes virus simiae *See B–Virus Infection*
 Herpes zoster *See Varicella zoster Virus Infections*
 Heterophyes heterophyes *See Heterophyiasis*
 Heterophyiasis 44
 HHV 6 *See Human Herpes Virus Type 6*
 Histoplasma capsulatum *See Fungal Culture, Systemic and Subcutaneous*
 Histoplasmosis *See Fungal Culture, Systemic and Subcutaneous*
 HIV. *See Human Immunodeficiency Virus, See Human Immunodeficiency Virus, See Human Immunodeficiency Virus*
 HIV – Viral Load 46
 HIV PCR 46
HIV PCR Specimen Collection Guidelines 90
HIV Test Requisition 143
HIV Viral Load Specimen Collection Guidelines 92
 HPV *See Human Papilloma Virus*
 HSV *See Respiratory Infections, Acute Viral, See Herpes Simplex Virus Infections*
 HTLV I *See Human T Cell Leukemia/Lymphoma Virus*
 HTLV II *See Human T Cell Leukemia/Lymphoma Virus*
 Human Granulocytic Ehrlichiosis *See Ehrlichiosis*
 Human Herpes Virus Type 6 45
 Human Immunodeficiency Virus 45
 Human Papilloma Virus *See*
 Human T Cell Leukemia/Lymphoma Virus 47
 Hydatid Disease *See Echinococcosis*
 Hymenolepiasis 47

Hymenolepis nana *See Hymenolepiasis*
H1N1 49
I
 Infectious Mononucleosis *See Epstein Barr Virus*
 Influenza 48, *See Respiratory Infections, Acute Viral, See Pneumonia, Viral*
 Influenza Virus *See Encephalitis, Viral*
 Introduction 7
 Isospora *See Coccidiosis*
K
 Kala-azar *See Leishmaniasis, Visceral Form*
Kit Instruction Sheets-Bordetella pertussis 116
Kit Instruction Sheets-Chlamydia trachomatis Culture - Female 118
Kit Instruction Sheets-Chlamydia trachomatis Culture - Male 120
Kit Instruction Sheets-Clostridium difficile 122
Kit Instruction Sheets-Enteric Outbreaks 123
Kit Instruction Sheets-Faeces Enteric Bacteriology 125
Kit Instruction Sheets-Fungus Culture 126
Kit Instruction Sheets-Gastric Lavage 127
Kit Instruction Sheets-Mycoplasma pneumoniae / Chlamydophila pneumoniae PCR 128
Kit Instruction Sheets-Neisseria gonorrhoeae Culture 130
Kit Instruction Sheets-Para 132
Kit Instruction Sheets-Pinworm Ova 133
Kit Instruction Sheets-Syphilis by Direct Fluorescence 134
Kit Instruction Sheets-TB 136
Kit Instruction Sheets-Urogenital Mycoplasma / Ureaplasma 137
Kit Instruction Sheets-Virus – Enteric 138
Kit Instruction Sheets-Virus Culture 140
Kit Instruction Sheets-Virus Culture (Tissue) 139
Kit Instruction Sheets-Virus Respiratory 141
Kits and Components 112
L
 Larvae of Various Flies *See Myiasis*
 Lassa Fever 50
 Lassa Fever Virus *See Viral Hemorrhagic Fever*
 LCM *See Lymphocytic choriomeningitis*
 Lead – Blood *See Trace Metals*
 Legionella spp. *See Legionnaire’s Disease*
 Legionnaire’s Disease 50, 51
 Leishmania tropica *See Leishmaniasis, Cutaneous Form*
 Leishmaniasis, Cutaneous Form 52

Leishmaniasis, Visceral Form 52
 Leprosy 53
 Leptospira spp. See Leptospirosis
 Leptospirosis 53
 Lice..... See Pediculosis
 Listeriosis 53
 Loa loa..... See Filariasis
 Loiasis See Filariasis
 Lyme disease 53
 Lymphocytic choriomeningitis 53
 Lymphogranuloma Venereum 54
M
 M. avium complex..... See Mycobacteria
 M. tuberculosis Complex..... See Mycobacteria
 MAC..... See Mycobacteria
 Malaria 54
 Marburg Virus See Viral Hemorrhagic Fever
 Measles..... 55, See Rashes, Viral
 Measles Virus See Encephalitis, Viral
 Melioidosis 56
 Meningitis, Bacterial 56
 Meningitis, Viral 57
 Metagonimus yokogawai (opisthorchids)..... See Heterophyiasis
 Methicillin Resistant Staphylococcus aureus..... See MRSA
 Metorchiasis 57
 Metorchis conjunctus..... See Metorchiasis
 Microsporidia 58
 Microsporum spp..... See Fungal Culture, Superficial
 Molluscum contagiosum..... 58
 Mononucleosis, Infectious..... See Epstein Barr Virus
 MRSA 58
 MRSA Outbreak Specimens..... 58
 MTB See Mycobacteria
 Multiple Submission Form 150
 Mumps..... 59
 Mumps Virus See Meningitis, Viral, See Encephalitis, Viral
 Murine Typhus See Rickettsial Infections
 Mycetoma..... See Fungal Culture, Systemic or Subcutaneous
 Mycobacteria 60
Mycobacteriology Specimen Collection Guidelines 94
 Mycobacterium leprae See Leprosy

Mycology See Fungal Culture, Systemic or Subcutaneous, See Fungal Culture, Susceptibility Testing, See Fungal Culture, Superficial, See Fungal Culture for Identification
 Mycoplasma See Mycoplasma Infections, Other
 Mycoplasma Infections, Other..... See Mycoplasma Infections, Other 62
 Mycoplasma Infections, Respiratory 61
 Mycoplasma pneumoniae See Mycoplasma Infections, Respiratory
Mycoplasma pneumoniae / Chlamydomphila pneumoniae PCR, Kit Instruction Sheet 128
Mycoplasma Specimen Collection Guidelines 100
 Myiasis 62
 Myocarditis, Viral..... See Enterovirus Infections, See Coxsackievirus Infections
N
 Naegleria spp. See Amoebic Encephalitis Primary
 Necator americanus See Hookworm Disease
Neisseria gonorrhoeae..... 63
Neisseria gonorrhoeae, Kit Instruction Sheet 130
 Neisseria meningitidis See Meningitis, Bacterial
 Newborn Screening 65
 NGU See Chlamydia Infections
 Nocardia asteroides See Nocardiosis
 Nocardia spp. See Nocardiosis
 Nocardiosis..... 65
 Non-gonococcal Urethritis See Chlamydia Infections
 Non-tuberculous Mycobacteria See Mycobacteria
 Norwalk-like viruses See Diarrhoea, Viral
 Nosema See Microsporidia
 NTM See Mycobacteria
O
 Onychomycosis See Fungal Culture, Superficial
 Opisthorchis See Clonorchiasis
 Orchitis See Mumps
 Ornithosis See Chlamydia Infections
 Ova and Parasites See Diarrhoea, Parasitic
P
 P. malariae See Malaria
 P. ovale See Malaria
 P. vivax..... See Malaria
 P.marneffeii See Penicilliosis
 PAME..... See Amoebic Encephalitis Primary
 Papilloma Virus..... See Human Papilloma Virus

Para, Kit Instruction Sheet 132

Paracoccidioides brasiliensis *See* Paracoccidiomycosis

Paracoccidiomycosis 65, *See* Fungal Culture, Systemic and Subcutaneous

Paragonimiasis 66

Paragonimus westermani *See* Paragonimiasis

Parainfluenza *See* Pneumonia, Viral

Parainfluenza Virus *See* Respiratory Infections, Acute Viral

Paralytic Illness, Viral *See* Poliomyelitis

Paralytic Shellfish Poisoning 66

Parasites and Ova *See* Diarrhoea, Parasitic

Parasitic Infection *See* Diarrhoea, Parasitic

Parasitology Specimen Collection Guidelines 104

Paratyphoid Fever *See* Diarrhoea, Bacterial

Parvovirus *See* Rashes, Viral

Parvovirus B19 *See* Parvovirus Infection

Parvovirus Infection 66

Pathogenic Yersinia spp. *See* Food-Borne Bacterial Disease

PCP *See* Pneumocystis pneumonia

Pediculosis 66

Penicilliosis 67, *See* Fungal Culture, Systemic or Subcutaneous

Peptic ulcer *See* Helicobacter pylori

Phaeoannellomyces werneckii *See* Fungal Culture, Superficial

Piedra, black *See* Fungal Culture, Superficial

Piedra, white *See* Fungal Culture, Superficial

Piedraia hortai *See* Fungal Culture, Superficial

Pinworm 67, *See* Enterobiasis

Pinworm Ova, Kit Instruction Sheet 133

Pityriasis versicolor (Tinea) *See* Fungal Culture, Superficial

Plague 67

Plasmodium falciparum *See* Malaria

Pleistophora *See* Microsporidia

Pneumocystis carinii *See* Pneumocystis pneumonia

Pneumocystis pneumonia 67

Pneumonia, Bacterial *See* Mycoplasma Infections, Respiratory, *See* Legionnaire's Disease, *See* Chlamydia Infections

Pneumonia, Chlamydial *See* Chlamydia Infections

Pneumonia, Rickettsial *See* Q-Fever

Pneumonia, Viral 68, *See* also Bronchiolitis

Polio Virus *See* Enterovirus Infections

Poliomyelitis 68

Polioviruses *See* Poliomyelitis

Pontiac Fever *See* Legionnaire's Disease

Pork Tape Worm *See* Taeniasis

Powassan *See* Arbovirus Infections

Poxvirus Infections 69

Prenatal Screening 69, *See* also Rubella, Hepatitis, Syphilis and HIV

Prenatal Screening Test Requisition 144

Primary Amoebic Meningoencephalitis *See* Amoebic Encephalitis

Primary Protozoa *See* Diarrhoea, Parasitic

Pseudomembraneous colitis *See* Diarrhoea, Antibiotic Associated

Pseudomycosis *See* Erythrasma

Psittacosis *See* Chlamydia psittaci

PSP *See* Paralytic Shellfish Poisoning

Q

Q-Fever 69

R

Rabies 69

Rashes, Viral 70

Red Measles *See* Measles

Regional Public Health Laboratories Directory 5

Relapsing Fever, Louse or Tick-borne 70

Requisition for Specimen Containers and Supplies 111

Respiratory Infections, acute bacterial... *See* Mycoplasma Infections, Respiratory, *See* Legionnaire's Disease, *See* Chlamydia Infections

Respiratory Infections, Acute Viral 70

Respiratory Syncytial Virus *See* Respiratory Infections, Acute Viral, *See* Pneumonia, Viral

Rhinovirus *See* Respiratory Infections, Acute Viral

Rickettsial Infections 71

Ringworm *See* Fungal Culture, Superficial

Rocky Mountain Spotted Fever *See* Rickettsial Infections

Roseola infantum *See* Human Herpes Virus Type 6

Ross River *See* Arbovirus Infections

Rotavirus *See* Diarrhoea, Viral

RSV *See* Respiratory Infections, Acute Viral, *Serology is not available.*, *See* Pneumonia, Viral

Rubella 71, *See* TORCH, *See* Rashes, Viral, *See* Avidity Testing

Rubella Virus *See* Encephalitis, Viral

Rubeola *See* Measles

S

S. japonicum *See* Schistosomiasis

S. mansoni *See* Schistosomiasis

Salmonella paratyphi, A, B, C*See* Diarrhoea, Bacterial
 Salmonella spp. *See* Food-Borne Bacterial Disease
 Salmonella typhi*See* Diarrhoea, Bacterial
 Salmonellosis.....*See* Diarrhoea, Bacterial
 Sapporo-like viruses*See* Diarrhoea, Viral
 Sarcocystis..... *See* Coccidiosis
 Sarcoptes scabiei*See* Scabies
 SARS 73, 74
 Scabies..... 74
 Schistosoma haematobium *See* Schistosomiasis
 Schistosomal dermatitis 74
 Schistosomiasis 75
 Scrub Typhus..... *See* Rickettsial Infections
 Severe Acute Respiratory Syndrome *See* SARS, *See* SARS
 Shigella spp. *See* Food-Borne Bacterial Disease
 Shigellosis*See* Diarrhoea, Bacterial
 Shingles *See* Varicella zoster Virus Infections
 Specimen Collection Details 86
 Specimen Containers and Supplies, Requisition..... 111
 Specimen Transportation..... 11
 Sporothrix schenckii..... *See* Fungal Culture, Systemic or Subcutaneous
 Sporotrichosis *See* Fungal Culture, Systemic or Subcutaneous
 SSPE..... *See* Subacute Sclerosing Panencephalitis, *See* Measles
 St.Louis encephalitis.....*See* Arbovirus Infections
 Staphylococcus aureus.....*See* Toxic Shock Syndrome, *See* Food-Borne Bacterial Disease
 Streptococcus Group A Invasive 76
 Streptococcus Group A Outbreak 76
 Streptococcus pneumoniae 76, *See* Meningitis, Bacterial
 Strongyloides stercoralis..... *See* Strongyloidiasis
 Strongyloidiasis 77
 Subacute Sclerosing Panencephalitis 77, *See* Measles
 Supplies 111
 Suspicious Packages/Material for the Investigation of Agents of Bioterrorism:
 Guidelines for Submission 152
 Swimmer’s Itch*See* Schistosomal dermatitis
 Syphilis 77
Syphilis by Direct Fluorescence..... 102
Syphilis by Direct Fluorescence, Kit Instruction Sheet 134
T
 T. gambiense*See* Trypanosomiasis

T. vaginalis *See* Trichomoniasis
 Taenia saginata *See* Taeniasis
 Taenia solium *See* Taeniasis
 Taeniasis 78, *See* Diarrhoea, Parasitic
 TB *See* Mycobacteria
TB, Kit Instruction Sheet 136
 Test Requisition, General Test Requisition 145
Test Requisition, HIV Requisition..... 143
 Test Requisition, Prenatal Screening 144
 Testing Guidelines 14
 Tetanus 78
 Tinea..... *See* Fungal Culture, Superficial, *See* Fungal Culture, Superficial
 Tinea nigra.....*See* Fungal Culture, Superficial
 TORCH 79
 Torovirus *See* Diarrhoea, Viral
 Toxic Shock Syndrome 79
 Toxocara canis..... *See* Toxocariasis
 Toxocara cati *See* Toxocariasis
 Toxocariasis..... 79
 Toxoplasma gondii *See* Toxoplasmosis
 Toxoplasmosis 79, *See* TORCH
 Trace Metals 80
 Trachoma.....*See* Chlamydia Infections
 Traveller’s Diarrhoea.....*See* Diarrhoea, Bacterial
 Treponema pallidum.....*See* Syphilis
 Trichinella spiralis *See* Trichinosis
 Trichinosis 80
 Trichomoniasis 81
 Trichomycosis axillaris *See* Fungal Culture, Superficial
 Trichophyton spp.....*See* Fungal Culture, Superficial
 Trichosporon beigelii.....*See* Fungal Culture, Superficial
 Trichostrongyliasis *See* Diarrhoea, Parasitic
 Trichostrongylus spp. *See* Hookworm Disease, *See* Diarrhoea, Parasitic
 Trichuriasis *See* Diarrhoea, Parasitic
 Trichuris trichiura *See* Diarrhoea, Parasitic
 Trichuris trichura *See* Diarrhoea, Parasitic
 Trypanosoma cruzi *See* Trypanosomiasis
 Trypanosoma rhodesiense *See* Trypanosomiasis
 Trypanosomiasis 81
 TSS *See* Toxic Shock Syndrome
 Tuberculosis *See* Mycobacteria

Tularemia 82
 TWAR *See Chlamydothila pneumoniae*
 TWAR Pneumonia *See Chlamydothila pneumoniae*
 Typhoid fever *See Diarrhoea, Bacterial*
 Typhus fever *See Rickettsial Infections*
U
 Ureaplasma urealyticum *See Mycoplasma Infections, Other*
Urogenital Mycoplasma / Ureaplasma, Kit Instruction Sheet 137
V
 Vaccinia Virus *See Encephalitis, Viral*
 Valley Fever *See Fungal Culture, Systemic or Subcutaneous*
 Vancomycin-Resistant Enterococcus *See VRE*
 Varicella Virus *See Encephalitis, Viral*
 Varicella zoster Virus Infections 83
 VDRL *See Syphilis*
 Venezuelan Equine Encephalitis *See Arbovirus Infections*
 Vibrio cholerae *See Cholera*
 Vibrio Infections *See Food-Borne Bacterial Disease, See Diarrhoea, Bacterial*
 Vibrio spp. *See Food-Borne Bacterial Disease*
 Viral Hemorrhagic Fever 83
 Viral Studies 83
Virus – Enteric, Kit Instruction Sheet 138

Virus Culture (Tissue), Kit Instruction Sheet 139
Virus Culture, Kit Instruction Sheet 140
Virus Respiratory, Kit Instruction Sheet 141
 VRE 82
 VZV *See Varicella zoster Virus Infections*
W
 Warts, viral *See Human Papilloma Virus*
 West Nile *See Avidity Testing*
 West Nile Encephalitis 84
 Western Equine Encephalitis *See Arbovirus Infections*
 Whipple’s Disease 84
 Whipworm *See Diarrhoea, Parasitic*
 Whitmore Disease *See Melioidosis*
 Whooping Cough 84
Y
 Yellow Fever *See Arbovirus Infections*
 Yersinia Infections 85, *See Diarrhoea, Bacterial*
 Yersinia pestis *See Plague*
 Yersinia spp. *See Yersinia Infections*
Z
 Zoster *See Varicella zoster Virus Infections*
 Zygomycosis *See Fungal Culture, Systemic or Subutaneous*
